

## First of all thank you for getting in touch with me!

Please take some time to read through my FAQs just to make sure that you now what card reading is all about and **what to expect** when you purchase a reading from me!!!

### Please note:

Please know that **I am not a thought-reader**: Be aware with questions like „What does he think“!!!

Every reader works differently and after having done more than hundreds of personal readings I simply have learned that **I do need precise questions in order to deliver the best results**.

Think about what it is that you truly want to know from spirit! This way your energy field is clear and you can expect an answer that resonates with your higher self.
